3SI

Transformers and Inductors
 Types: EI, UI Laminations Power
 EI, EE Ferrite Cores Control
 Pot Cores Current

ASC Capacitors

Design, Manufacturing High Quality Film
 Capacitors
 Tape, wrap and film
 Oil filled capacitors - Seal aluminum cans
 Square box
 Dry round
 Snubbers
 DC/AC Filters
 Custom designs

AgileSwitch

Power Electronics for Renewable Energy
 AgileSwitch switch drivers are offered in
 industry standard form factors and
 interfacing.
 Applications include:
 Solar Inverters
 Wind Turbines
 Motor Controllers
 Smart Grid
 HEV/EV Traction
 UPS

Amgis

Toroidal Power Products offers an
 extensive line of toroidal power
 transformers and products, including off
 the shelf products and custom designed
 toroidal products, designed for any
 application where a transformer is needed.

AOS Thermal Compounds

Heat Sink Compounds (Non-Silicone)
 Micro-Faze (Thermal Grease Pads)
 Sure-Foam (Gap Filler Material)

BH Electronics

Custom High Frequency Magnetics and
 Assemblies
 Manufacturer of transformers, inductors,
 filters and related assemblies
 Focuses on high frequency devices, within
 the range of 20KHz to 1GHz
 Offers comprehensive engineering design
 support
 Certified to ISO 9001:2008

Canadian Shunt Industries

Printed Circuit Board Shunts and
 Adjustable Shunts
 Telecom Fused Disconnect
 Knife Switches
 DC Ammeter Shunts
 Bus Bar-Shunts
 Base mounted Shunts

CYG

Heat shrinkable tubing, Teflon, PTFE
 tubing, high heat and abrasion resistant
 wire, silicone tubing; power cable
 accessories (heat shrinkable, cold
 shrinkable and pre-molded for low,
 medium and high voltage)

HVR Advanced Power Components

*The U Series of low-cost, Epoxy Coated,
 Radial Lead Resistors*
*RL/RT Series resistors for non-inductive
 surge and impulse applications*
*The C Series of Epoxy Coated, Radial Lead
 Resistors for Voltages up to 44kV*
High Voltage Disk Ceramic Resistors
Rod & Tub Style Ceramic Resistors
V Series Fusible Resistors
HV Resistive Safety Groundsticks
Custom Assemblies

Fuji Semiconductor

Power Devices (IGBT)
 Power Supply Control IC
 Power MOSFETS
 Power Rectifier Diodes
 Automotive Application

LEM USA, Inc. Automotive Div.

LEM Automotive specials in developing and
 manufacturing current transducers for
 battery management, DC-DC converters,
 DC-AC converters and motor drive
 applications in cars, buses and trucks. LEM
 products can contribute in energy sensitive
 savings and an environmental friendly
 world. By controlling the current energy-
 intensive applications LEM participates to
 the global effort to reduce consumption.
 Standard products offered, also custom
 designs available.

MEGA Electronics Inc.

AC/DC power supplies, wall plug in, desk
 top and chassis mount 5W to 800W DC/DC
 converters, SIP, DIP, and Chassis mount
 from 0.25W to 150W. Domestic and
 International Power Cords, fully molded,
 available with medical approvals.

SIBA Fuses #1 Solar Fuse

Fuses for Semiconductor Protection (North
 American & European Standard)
 DC-Application/Traction Fuse
 Miniature Fuses G & D Fuses
 Low Voltage Fuses (European NH Knife
 Blade Fuse System)
 Medium Voltage Fuses for Capacitors
 Medium Voltage Fuses European Standard
 (British & French)
 High Voltage Fuses German DIN Standard
 High Voltage Fuses Motor Circuit
 Protection (Din & British Standard)
 Fuses for Semiconductor Protection
